

**BOS R-6-0,25**  
**Ordering code: BAM00WC**

Reflector

Reflector BOS

**BALLUFF**  
sensors worldwide

**Basic data**

Size Series RF-OS  
Application for reflection light barrier

**Optical data**

Light type non-polarized light  
Remission 0.2° 3,642 mcd/lx

**Mechanical data**

Ambient temperature Ta min. -20 °C

Ambient temperature Ta max. 60 °C  
Sensing surface material PMMA  
Housing material Foil  
Active surface 125.0 cm<sup>2</sup>  
Type Reflex foil, micro pyramids  
Mounting type self-adhesive  
Design Foil section, rectangular

**Remarks**

The reflection degree is maximum with perpendicular beam of light.
