

Electrical data:

max. Current per contact	2 A
Total current	16A (with double supply) / 8A (with single supply)
Rated Supply Voltage	24 V
Electrical type	DC
Switching output	PNP
Switching element function	NO
Supply Voltage max. (U _b)	30,2 V
Supply Voltage min. (U _b)	18 V
Connection Sensors	5-pin female M12x1
Connection controller	Terminals

General data:

Function display	16x LED ye
Supply voltage indication	LED gn
Function indication	yes

Mechanical data:

Connector	M12x1
Ambient temperature max.	80 °C
Ambient temperature min.	-20 °C
Housing material	PBT
Contact material	CuZn
Fixing	4 x M4
Contact surface	NiAu
Number of plug-in places	8 St
Housing style	double-row
