Type KSS
High-quality, halogen-free label plates to snap into devices. The large printable area at the top allows room for individual project and component reference, dispensing with the need to organise additional systems. Adapters render the label holders usable for component location labelling. Multiframe compatible with other manufacturers.

PC polycarbonate

Material: Polycarbonate (PC)

Excellent surface gloss and transparency (natural), high mechanical strength and dimensional stability under heat, outstanding electrical and dielectric properties, superb dimensional accuracy and low water absorption. Impact resistance up to approx. 140 °C and, as a general rule, PC is self-extinguishing even without the addition of fire-retardants.

Thermal stability: up to 140 °CDimensional stability: up to 1.8 N/mm 135 °CFlammability: V0 based on UL94Halogen-free under DIN/VDE 0472, Part 815UV-stabilised
