ESL label plate    

Self-laminating, high-quality polyester labels for single-line and multi-line inscription. The transparent extension strip sticks over the printable area and keeps the inscription clean and intact. The grid system allows direct removal of each label.

-  -40 – 150 °C
-  V0
-  Polyester film  
Adhesive 4830
-  Single-line and multi-line  
inscription. A4 sheets.
-  Use in electrical systems and  
installations of all kinds
